

Harvard Forest Data Archive HF354-01

Data File:

Name = hf354-01-demographics.csv

Description = student respondent demographics

Rows = 303 Columns = 10

MD5 checksum = 0f67fb06e5d6dc478a9792ca3cc17153

Variables:

REUYear1 = self-reported year in which student participated in the REU program.

Values from 1998-2019 (none from 1999). Response cross-checked by study investigators using internal confidential database.

REUYear2 = self-reported second year in which student participated in the REU

program. Values may be one or two years greater than

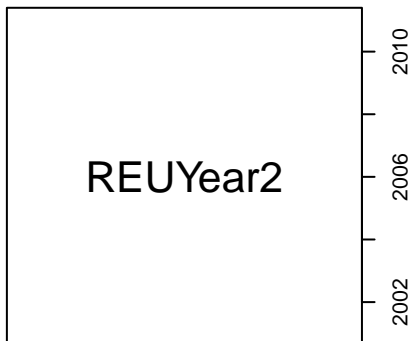

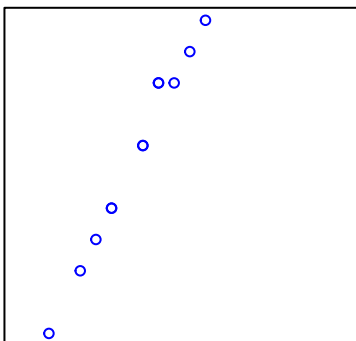

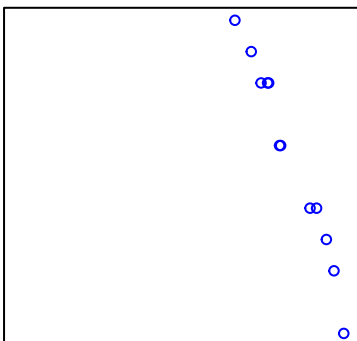

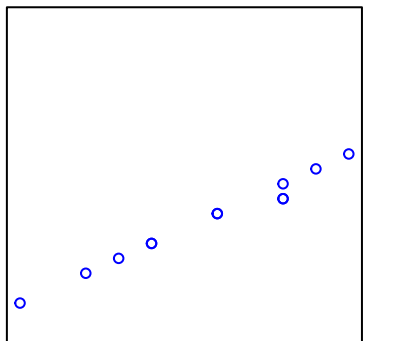

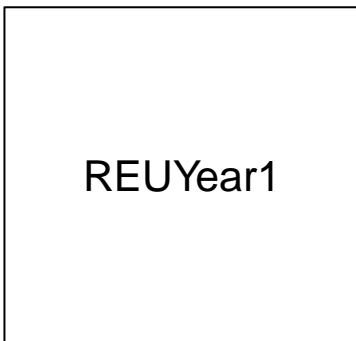

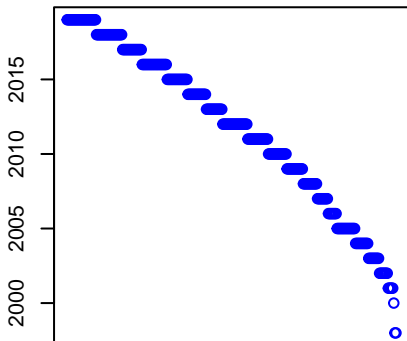

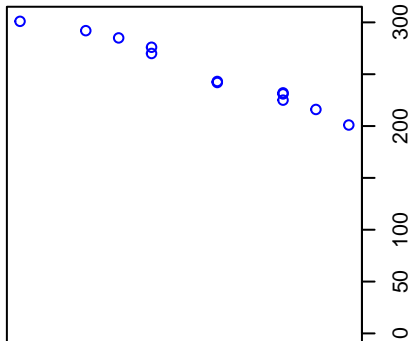

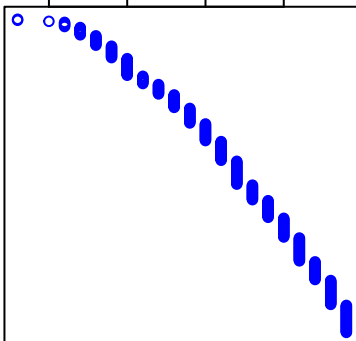

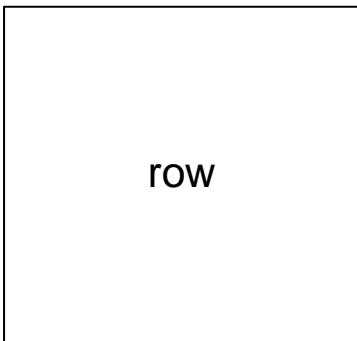

REUYear1, or NA (did not participate in a second year). Response

cross-checked by study investigators using internal confidential database.

Variable	Min	Median	Mean	Max	NAs
REUYear1	1998.000	2012.000	2011.647	2019.000	0
REUYear2	2001.000	2007.000	2006.667	2011.000	291
